#### Introduction

#### **Qualifications Pack - Unarmed Security Guard**

**SECTOR: PRIVATE SECURITY** 

**SUB-SECTOR: COMMERCIAL AND INDUSTRIAL** 

**OCCUPATION:** GUARDING

**REFERENCE ID:** SKS/Q0001

An **Unarmed Security Guard** in the Private Security Sector form the first level of defence and notice and encounter threats and risks that are detrimental to life, property and premises. Security Guard is responsible for monitoring premises and property through physical presence and by using security and protection systems.

**Brief Job Description:** The primary role of the individual entails guarding designated premises and people by manning the first tier of protection aided by appropriate security devices/equipment. The core responsibility includes guarding against theft, criminal acts, emergencies, fire and other contingencies.

**Personal Attributes:** An Unarmed Security Guard needs to bear a good moral character, pleasing deportment, healthy habits and good grooming in addition to being physically fit, mentally robust, intelligent, committed and proficient.

Security Guard needs to be alert, calm and confident and maintain a personal demeanour that helps him/her to control situations effectively using personal initiative. The role requires effective communication. The Guard's presence needs to generate confidence in perilous situations.

	Performance Criteria	As described in the relevant OS units		

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar
3000	businesses and interests. It may also be defined as a distinct subset of the
	economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the
Jub sector	characteristics and interests of its components.
Vertical	Vertical may exist within a sub-sector representing different domain
Vertical	areas or the client industries served by the industry.
Occupation	Occupation is a set of job roles, which perform similar/related set of
Occupation	functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the
	sector, occupation, or area of work, which can be carried out by a person
	or a group of persons. Functions are identified through functional
	analysis and form the basis of OS.
Sub-functions	Sub-functions are sub-activities essential to fulfil achieving the objectives
	of the function.
Job role	Job role defines a unique set of functions that together form a unique
	employment opportunity in an organization.
Occupational	OS specify the standards of performance an individual must achieve
Standards (OS)	when carrying out a function in the workplace, together with the
Staridards (OS)	knowledge and understanding,he/she needs to meet that standard
	consistently. Occupational Standards are applicable both in the Indian
	and global contexts.
Performance Criteria	Performance Criteria are statements that together specify the standard
r enormance criteria	of performance required when carrying out a task.
National Occupational	NOS are Occupational Standards which apply uniquely in the Indian
Standards (NOS)	context.
Qualifications Pack	Qualifications Pack Code is a unique reference code that identifies a
Code	qualifications pack.
Qualifications	Qualifications Pack comprises the set of OS, together with the
Pack(QP)	educational, training and other criteria required to perform a job role. A
	Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard, which is
ome dode	denoted by an 'N'.
	,
Unit Title	Unit Title gives a clear overall statement about what the incumbent
	should be able to do.
Description	Description gives a short summary of the unit content. This would be
Description	,
	helpful to anyone searching on a database to find the required one.
Scope	Scope is the set of statements specifying the range of variables that an
	individual may have to deal with in carrying out the function which have
	a critical impact on the quality of required performance.
Knowledge and	Knowledge and Understanding are statements which together specify the
Understanding	technical, generic, professional and organizational specific knowledge
Shacistanding	that an individual needs in order to perform up to the required standard.
	that an marvidual needs in order to perform up to the required stalldard.

#### **Overview**

This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities in carrying out access control to the assigned premises, manually or assisted by equipment in line with organisational procedures and guidelines.

Unit Code	SKS/N 0004
Unit Title (Task)	Control Access to the Assigned Premises
Description	This unit provides Performance Criteria, Knowledge & Understanding and Skills & Abilities in carrying out access control to the assigned premises, manually or assisted by equipment in line with organisational procedures and guidelines.
Scope	1. Category of People and Vehicles.
	(a) <b>Employee</b> – staff, permanent, temporary, contract, support staff, intern/apprentices and trainees
	(b) Visitors— customers, vendors, regulatory officials, union, community
	leaders and public
	(c) <b>Vehicles</b> – light, heavy & specialist vehicles of company, employees,
	visitors, essential & emergency services and government officials
	2. Personal Identification and Authorisation Documents. Employees identity
	card, temporary identity card, entry permit and visitors' pass, vehicle
	registration number
	3. Documents for Material Movement. Gate pass (returnable and non-
	returnable), invoice, purchase order, delivery challan, any other
	authorisation regarding movement of stores and machinery
	4. Situations Faced During Access Control Operations.
	(a) Identification documents, passes and permits – lost, expired, defaced, forged and unauthorised
	(b) Surreptitious entry, impersonation, forced entry, tailing, queue and crowd andaggressive behaviour
	(c) Vehicular traffic, communication, visitors expecting/ demanding
	preferential treatment
	5. <b>Designated Authorities for Reporting.</b> Immediate superior
	6. Access Control Equipment.
	(a) Gates, bollards and barriers
	(b) Turnstile, locks, electronically operated systems – access card,
	biometrics and attendance recorder
	7. Postal Mail and Couriers.
	(a) Letters, parcels, Fax messages, hand-delivered notes
	(b)Suspicious Packages
